

REID MANUFACTURING 770-832-1192

DR 990 BONANZA

The Ditch Runner designed DR sealcoat spray systems has been a proven industry standard for over 30 years. Its simple, rugged built, and powerful pumping system provides today's sealcoating professional with the most versatile spray solution available. *Our pumps are built with fewer parts, nearly one third less than air diaphragm pumps,* makes them virtu-ally maintenance free. **BONANZA will filled it's roles flawlessly but now for the large jobs...**
